

Hourglass Wall Sconce

The original Hourglass fixture was designed by Kim D'Oliveira of Morris Nathanson Design for the Mills Tavern in Rhode Island and the Wequassett Inn in Massachusetts.

The Hourglass is a multi-armed, hand-made chandelier with cherry mold blown glass referencing the shape of a traditional hourglass. Each piece of glass is unique and available in a choice of colors.

The fixture can be made as a single pendant, three, four or five arm chandelier or wall sconce.
